Ford Motor Company

In my search for a new challenge where I can leverage my experience in management and UI/UX design, I was pleased to find Ford Motor Company's opening for a Experience Design Lead.

As my career profile illustrates, I am well-prepared to meet and exceed your expectations. Serving as the Senior Design Engineer at OneMain Financial and the Director of Design and User Experience at Babel Street, I am accustomed to the rigors of fast-paced, highly regulated environments requiring sharp attention to detail, accuracy, and outstanding communication skills. If given the opportunity, I will work to deliver similar results for Ford Motor Company while partnering with your staff to accelerate the achievement of your immediate and long-range goals.

In me, Ford Motor Company will gain a diligent, goal-oriented professional with the agility, dedication, and focus required to fill the role successfully. As such, I would welcome the opportunity to discuss this opening in detail.

Thank you for your consideration. I look forward to hearing from you.

Sincerely,

Carey Estes
